Professional Development Scholarships for Graduate Students

Description and Purpose of Scholarships

Overview

Scholarships for professional development are made available through the Virginia Talent + Opportunity Partnership (Virginia TOP), a public-private partnership formed between the Virginia Chamber Foundation and the State Council of Higher Education for Virginia (SCHEV). Virginia TOP is tasked with creating greater connectivity between students, institutions of higher education and the employer community to expand paid and credit-bearing internship and other work-based learning opportunities (job shadowing, tours, mentorship, externships, apprenticeships, field experiences, etc.). Virginia TOP is organized through the Commonwealth Innovative Internship Fund and Program and administered by SCHEV.

Scholarships are available to professionals currently working in the field and to graduate students in selected degree programs who intend to pursue careers in this field. **These instructions are for applications by graduate students.** The application instructions for working practitioners is available on the SCHEV website.

Statutory Authority

In 2019, the Virginia General Assembly enacted into law the Innovative Internship Fund and Program ([Va. Code § 23.1-903.4](#)). The purpose of the program is to expand paid and/or credit-bearing student internships and other work-based learning opportunities in collaboration with Virginia employers. The program comprises institutional grants and a statewide initiative to facilitate the readiness of students, employers and institutions of higher education to participate in internship and other work-based learning opportunities. **Scholarships for professional development facilitate the readiness of Virginia institutions of higher education to scale high-quality paid internships and other work-based learning opportunities and to support students throughout the experience.**

Scholarships are state funds and subject to the rules and regulations governing state appropriations.

Applicant Eligibility

Eligible applicants are graduate students who intend to follow a career that involves connecting students, institutions of higher education and the employer community to expand paid and credit-bearing internship and other work-based learning opportunities.

Graduate students must be enrolled at an eligible institution in one of the following programs:

- Education
- Counseling/School Psychology
- Human Services/Social Work
- Human Resources

Eligible institutions are (1) Virginia public institutions of higher education, including community colleges; (2) Virginia private non-profit institutions of higher education that participate in the Virginia Tuition Assistance Grant (TAG) Program. Students enrolled in an eligible institution who are taking courses at a Virginia higher education center (IALR, NCI, RHEC, SVHEC, SWVHEC) are also eligible.

Graduate student **recipients** are **ineligible** to apply for one year from the date of the previous application. For example, an applicant who applies during the July 1 to August 15, 2021, application window and is awarded a scholarship is ineligible to apply again until the July 1 to August 15, 2022, window. Applicants who are not awarded a scholarship may apply again as soon as the next application window.

Within three months after the conference:

- If the recipient will be presenting at the conference, then the recipient must offer the presentation to an audience in Virginia, to be recorded for a resource library
- If the recipient is not presenting at the conference, then the recipient should develop a presentation for an audience in Virginia that reflects what they learned, either as a single topic or a synopsis of lessons learned
- The recipient must also document their experience in writing (with the option to include photos); the result could be posted on the V-TOP website, included in the V-TOP newsletter, or otherwise disseminated
- The recipient must complete a brief evaluation of the scholarship program.

Recipients of conference scholarships and recipients of scholarships for membership fees should also consider other activities, such as:

- Posting on social media while at the conference and referencing V-TOP support
- Participating in an interview with the V-TOP intern for the newsletter
- Volunteering to serve on the scholarship application review committee

Applicants are responsible for ensuring that they apply during an application window that will provide sufficient time for awards to be announced before the date of the conference (preferably before the “early bird” rate expires) or before annual dues are due for membership in a professional organization.

Application Processing, Review Criteria and Award

Application Processing

Applications must be submitted online by 11:59 p.m. on the closing date. The online system will send an email confirming submission.

Review of applications is a two-step process. First, SCHEV staff will conduct an administrative review to ensure that the application is complete and conforms to the eligibility and other requirements in this Call for Applications. Some applicants may receive follow-up questions from SCHEV staff. Late, incomplete or ineligible applications will be eliminated from consideration for that quarter and the applicant will be asked to revise the application (if possible) and re-submit prior to the next relevant closing date.

Conforming applications will move to the second stage for evaluation and ranking by a team of interagency and intra-institutional professionals with relevant experience and knowledge. The review team will assess proposals based on the criteria below.

Review Criteria

Applications will be evaluated and assessed for impact based on factors such as:

- The appropriateness of the educational opportunity related to the applicant's future career goals (long term)
- The candidate's plan to apply the skills and knowledge gained to benefit their careers, their programs, other students and/or their communities (short term)
- Application readability, grammar and punctuation
- Compliance with application instructions
- Overall impact, such as the candidate's eagerness to learn, future potential contributions of the applicant to the profession in Virginia and/or nationally, etc.

Award

SCHEV leadership and staff will examine the review team's assessment of the applications and make the final decision regarding awards. SCHEV staff may negotiate with applicants prior to making award decisions. SCHEV could consider many factors in making awards, including but not limited to the consensus evaluation expressed by the review team, reviewer comments, overall quality of the application, geographic distribution and distribution across institutional type.

In addition to the Recipient Requirements described above, additional terms and conditions of the award are described in the last section of the application (see Appendix).
