

## Virginia Talent + Opportunity Partnership Call for Applications Professional Development Scholarships for Graduate Students

### Description and Purpose of Scholarships

#### Overview

Scholarships for professional development are made available through the Virginia Talent + Opportunity Partnership (V-TOP), a public-private partnership formed between the Virginia Chamber Foundation, the Virginia Higher Education Business Council, and the State Council of Higher Education for Virginia (SCHEV). V-TOP is tasked with creating greater connectivity between students, institutions of higher education, and the employer community to expand paid and credit-bearing internships and other work-based learning opportunities (job shadowing, tours, mentorship, externships, apprenticeships, field experiences, etc.). V-TOP is organized through the Commonwealth Innovative Internship Fund and Program and administered by SCHEV.

Scholarships are available to professionals currently working in the field and graduate students in selected degree programs who intend to pursue careers in this field. **These instructions are for applications by graduate students.** The application instructions for working practitioners are available on the [SCHEV website](#).

#### Statutory Authority

In 2019, the Virginia General Assembly enacted into law the Innovative Internship Fund and Program ([Va. Code § 23.1-903.4](#)). The purpose of the program is to expand paid and/or credit-bearing student internships and other work-based learning opportunities in collaboration with Virginia employers. The program comprises institutional grants and a statewide initiative to facilitate the readiness of students, employers, and institutions of higher education to participate in internships and other work-based learning opportunities.

**Scholarships for professional development facilitate the readiness of Virginia institutions of higher education to scale high-quality paid internships and other work-based learning opportunities and to support students throughout the experience.**

Scholarships are state funds and are subject to the rules and regulations governing state appropriations.

### Applicant Eligibility

Eligible applicants are graduate students who intend to follow a career that involves connecting students, institutions of higher education, and the employer community to expand paid and credit-bearing internships and other work-based learning opportunities. Examples of such career goals include: working in the career services office at a college or university; career and technical education at a high school; human resources at a company when the role includes recruiting student interns; and research with a focus on college to career transitions, etc.

Graduate students should explain in the application how their career aspirations relate to advancing work-based learning in Virginia.

If you are eligible to apply as a graduate student and are also already working in a job similar to the ones listed above, you may choose to use the practitioner application form, even if you are not eligible to apply as a practitioner (for example, if you are not employed by an eligible institution but are working at a company or in a PK-12 school). Please read the Call for Applications for practitioners closely when making this decision. Your application will be scored by the review panel using the practitioner scoring scheme, rather than the review criteria in this document. If you choose this option, please be sure to explain your graduate student status somewhere in the application.

Graduate students must be enrolled at an eligible institution in one of the following programs:

- Education
- Counseling/School Psychology
- Human Services/Social Work
- Human Resources

Eligible institutions are (1) Virginia public institutions of higher education, including community colleges; (2) Virginia private non-profit institutions of higher education that participate in the Virginia Tuition Assistance Grant (TAG) Program. Students enrolled and \ taking courses at a Virginia higher education center (IALR, NCI, RHEC, SVHEC, SWVHEC) are also eligible.

Graduate student **recipients** are **ineligible** to apply for one year from the previous application date.

## **Application Processing, Review Criteria and Award**

### **Application Processing**

Review of applications is a two-step process. First, SCHEV staff will conduct an administrative review to ensure that the application is complete and conforms to the eligibility and other requirements in this Call for Applications. Some applicants may receive follow-up questions from SCHEV staff. Late, incomplete or ineligible applications will be eliminated from consideration for that quarter and the applicant will be asked to revise the application (if possible) and re-submit prior to the next relevant closing date.

Conforming applications will move to the second stage for evaluation and ranking by a team of interagency and intra-institutional professionals with relevant experience and knowledge. The review team will assess proposals based on the criteria below.

### **Review Criteria**

Applications will be evaluated and assessed for impact based on factors such as:

- Whether the applicant's career goals involve the advancement of work-based learning, such as through connecting students to internships and supporting students throughout their experience, and the relationship of the conference's educational opportunity to those future career goals (long-term)
- In addition to the candidate's plan to apply the skills and knowledge gained to benefit their own careers, the extent to which the candidate plans to apply their new knowledge to benefit their programs, other students and/or their communities (short-term; prior to graduation)
- Application readability, grammar, and punctuation
- Compliance with application instructions
- Overall impact, such as the candidate's eagerness to learn, future potential contributions of the applicant to the advancement of work-based learning in Virginia and/or nationally, etc.

### **Award**

SCHEV leadership and staff will examine the review team's assessment of the applications and make the final decision regarding awards. SCHEV staff may negotiate with applicants prior to making award decisions. SCHEV could consider many factors in making awards, including but not limited to the consensus evaluation expressed by the review team, reviewer comments, quality of the application, geographic distribution, and distribution across institutional types. In addition to the Recipient Requirements described above, additional terms and conditions of the award are described in the last section of the application (see Appendix).
