

Virginia Talent + Opportunity Partnership Call for Applications Professional Development Scholarships for Practitioners

Description and Purpose of Scholarships

Overview

Scholarships for professional development are made available through the Virginia Talent + Opportunity Partnership (V-TOP), a public-private partnership formed between the Virginia Chamber Foundation, the Virginia Higher Education Business Council, and the State Council of Higher Education for Virginia (SCHEV). V-TOP is tasked with creating greater connectivity between students, institutions of higher education, and the employer community to expand paid and credit-bearing internships and other work-based learning opportunities (job shadowing, tours, mentorship, externships, apprenticeships, field experiences, etc.). V-TOP is organized through the Commonwealth Innovative Internship Fund and Program and administered by SCHEV.

Scholarships are available to professionals currently working in the field and to graduate students in selected degree programs. **These instructions are for applications by working practitioners.** The application for graduate students is available on <https://virginiatop.org/highered/professional-development-scholarships/>

Statutory Authority

In 2019, the Virginia General Assembly enacted into law the Innovative Internship Fund and Program ([Va. Code § 23.1-903.4](#)). The purpose of the program is to expand paid and/or credit-bearing student internships and other work-based learning opportunities in collaboration with Virginia employers. The program comprises institutional grants and a statewide initiative to facilitate the readiness of students, employers, and institutions of higher education to participate in internships and other work-based learning opportunities.

Scholarships for professional development facilitate the readiness of Virginia institutions of higher education to affordably scale high-quality paid internships and other work-based learning opportunities and to support students throughout the experience.

Scholarships are state funds and are subject to the rules and regulations governing state appropriations.

Applicant Eligibility

Eligible applicants are full-time or part-time employees whose job involves advancing work-based learning, such as by directly connecting students, institutions of higher education, and the employer community for the purpose of expanding paid and credit-bearing internship and other work-based learning opportunities or through research and scholarship that contributes new knowledge related to work-based learning.

Application Processing, Review Criteria, and Award

Application Processing

Review of applications is a two-step process. First, SCHEV staff will conduct an administrative review to ensure that the application is complete and conforms to the eligibility and other requirements in this Call for Applications. Some applicants may receive follow-up questions from SCHEV staff. Late, incomplete, or ineligible applications will be eliminated from consideration for that review round.

Conforming applications will move to the second stage for evaluation and ranking by a team of interagency and intra-institutional professionals with relevant experience and knowledge. The review team will assess proposals based on the criteria below.

Review Criteria

Applications will be evaluated and assessed for impact based on factors such as:

VIRGINIA TALENT + OPPORTUNITY PARTNERSHIP

CREATING PATHWAYS TO PROFESSIONS

- Whether the applicant's job involves the advancement of work-based learning, such as through connecting students to internships and supporting students throughout their experience, and the relationship of the conference's educational opportunity to the applicant's job
- The narrative of the candidate's journey to their current role clearly indicates that they have found their true passion; the likelihood that the candidate will continue working to connect students to employers and the appropriateness of the educational opportunity related to the applicant's career/goals.
- Impact on students and/or employers
- Future potential contributions of the applicant to the profession in Virginia and/or nationally
- Application readability, grammar and punctuation
- Compliance with application instructions
- Overall impact, such as the candidate's eagerness to learn and their plan to apply the skills and knowledge gained to advance work-based learning in Virginia, and to benefit their careers, their organizations, students, employer partners, and their communities

Award

SCHEV leadership and staff will examine the review team's assessment of the applications and make the final decision regarding awards. SCHEV staff may negotiate with applicants prior to making award decisions. SCHEV could consider many factors in making awards, including but not limited to the consensus evaluation expressed by the review team, reviewer comments, quality of the application, geographic distribution, and distribution across institutional types.

In addition to the Recipient Requirements described above, additional terms and conditions of the award are described in the last section of the application (see Appendix).
